

UNITED STATES GOVERNMENT

Memorandum

TO : Chief, Division of Evaluations

DATE: February 13, 1963

FROM : Regional Security Officer, Mexico

SUBJECT: VIOLATIONS: Cancellation

Reference is made to the latest communication pertaining to the violation of security regulations charged against Harry S. TAYLOR on April 14, 1962.

In view of the documented confession by a Marine Security Guard, as the result of an investigation into thefts and "planting" of this and other documents, it is requested that the violation against Mr. TAYLOR be cancelled.

Although not mentioned specifically in his sworn statement, it would appear that two other violations were recorded by the same Marine Security Guard under similar circumstances; and, in fairness to the persons involved, cancellation of the following is also requested as there appears to be a reasonable doubt in the mind of this Officer.

Those violations were charged respectively to Mr. Harry BERGOLD on May 25, 1962, and to David PHILLIPS on July 26, 1962.
